

Abiona Centre For Infant & Early Mental Health (the “Centre”), is a client-centered organization focusing on infant and early childhood mental health. We support pregnant and parenting young mothers aged 13-29, along with their babies who reside at the Centre or in the community. As an accredited Children’s Mental Health Centre, we are the largest Young Parent Infant Centre in the province.

Our commitment is to create a better future for vulnerable pregnant and parenting young mothers and their children 0-6. Our infant and early childhood mental health programs give our clients the tools they need to build secure relationships with their babies, cope with life’s adversities, find help when needed and succeed in life. We offer a live-in treatment program, transitional housing, on-site high school programs, community housing support, housing and community support referral services, and maternal-infant mental health programs. Collaborating with community partners, our multi-disciplinary team provides wraparound programs addressing mental health, education, life skills, and transitional needs. The Centre also operates an EarlyON Child and Family Centre, along with two Early Learning Centres open to families, young women, and their children in the community.

Our vision is a world where families led by young women have the emotional and physical supports to realize their full potential.

Reporting to the Supervisor, MIMH, the Early School-Age Development Coordinator (the “Coordinator”) will be at the forefront of the Kuumba Project (the “Project”), an essential infant and early childhood mental health initiative at Abiona Centre (the “Centre”). The project is designed for children aged 3-5 years within the Black, African Canadian, and racialized communities.

Position:	Early School Age Development Coordinator
Term:	Permanent - Full Time
Rate of Pay	\$53,992 per annum
Department	Maternal Infant Mental Health
Reports to:	Supervisor, Maternal Infant Mental Health Program (MIMH)
Qualification:	• Post-Secondary Degree in Child Development, Early Childhood Education, or a related field; additional qualifications in Infant Mental Health and attachment-based interventions preferred. • Minimum of 3 years’ experience in child development or infant mental health within a structured setting. • Thorough understanding of anti-racism and anti-oppressive practices affecting BIPOC and 2SLGBTQIA communities. • Lived experience as a Black or African Canadian individual is highly valued. • Extensive knowledge of the challenges and strengths of marginalized Black and African Canadian families, as well as other racialized families with young children. • Familiarity with the needs of pregnant, parenting young parents and their children.
